

PAWSCHICAGO®

LURIE CLINIC PRICING

We have tiered our spay/neuter pricing to ensure everyone can afford it. PAWS Chicago is committed to making spay/neuter surgeries available to all individuals and families. Our pricing is tiered, depending on:

- **Neighborhood of Residence.** Do you live in one of our Targeted ZIP Codes* (see below)
- **Financial Need.** Do you have a Medical Card** (public assistance)

COST OF SPAY/NEUTER SURGERY

Spay/Neuter surgeries include ear cleaning and nail clipping.

Additional Surgical Fees may apply. Low-cost vaccines are also available on the same day of surgery.

To qualify for reduced cost spay/neuter, please bring your state-issued medical card and matching picture ID.

*Targeted Zip Codes: 60609, 60617, 60621, 60623, 60628, 60629, 60632, 60636.

Frontline (Single Dose)	\$15	\$20
Revolution (Single Dose—only available for dogs after negative Heartworm test)	\$10	\$15

*Targeted ZIP Codes

Our services are targeted to make the most impact at reducing pet overpopulation. We analyze data every year to determine:

- The neighborhoods in Chicago where more stray dogs and cats are on the streets
- The neighborhoods where animals who come into Animal Care & Control (the city pound) originate

This data determines our Targeted ZIP Codes—the areas most in need of spay/neuter to control pet overpopulation.

Targeted ZIP Codes are currently 60609, 60617, 60621, 60623, 60628, 60629, 60632, 60636.

****Medical Card Eligibility.** We accept medical cards issued by the State of Illinois to residents receiving public assistance.

View at www.dhs.state.il.us. (Please note that Disability, Medicare and SNAP cards are not eligible for these discounts.)

To qualify for discounts, the person whose name is on the front of the Medical Card (same side as the address) must:

- Be present during check-in to qualify for discounts
- Bring a current copy of your Medical Card and picture ID with matching name and address

*****Presurgical Bloodwork** is mandatory for all animals 6 years of age or older to assess surgical risk. The client must bring bloodwork report with them to the appointment or may elect to have bloodwork processed at the Lurie Clinic prior to surgery.

Call (773) 521-7729 or email clinic@pawschicago.org to make an appointment today.
 Customer Service representatives are available Sun, Tues–Thurs, 9 a.m. – 5 p.m.
